

Protocol 101

by Andreas Kalcker

This protocol is officially approved by *Genesis II Church of Health & Healing*

10 ml (0.33 fl oz US) of CDS (3000ppm) in 1 liter (34 fl oz) of water per day.

Drink every hour a part until finished. (8 to 12 parts.)

With severe life threatening illness you may rise the dose slowly up to maximum of 50ml (1.6 fl oz) per day, but not at once.

Lower the dose if you are feeling discomfort or nausea.
